

Promise Prescriptions

Solomon rejoiced that promises God made to his father David were being fulfilled. We can look through Scripture and rejoice in the many promises God has made that apply directly to us!

Below is a list of problems believers commonly have. Attached to each problem is a Bible reference to a promise that is prescribed to deal with that concern. Look at these common issues and place a checkmark by two or three that apply to you. Look up the prescribed promise for each and work on memorizing that passage this week.
