CAREER CHANGE TO EMPOWER WOMEN

In 2014, Chiney Ogwumike was chosen #1 in the WNBA draft. She played in the US and also in Italy in China. As a basketball player, she used her platform for "uplifting and amplifying women in particular." But major injuries—knee and Achilles tendon—forced her out of professional sports. She changed careers when she had the opportunity to work for ESPN. For her, broadcasting is a place "where my perspective can matter and [I can] also create other opportunities for other people that look like me."

CAREER CHANGE TO FISH FOR MEN

When Peter saw Jesus provide the miraculous catch of fish, he knew his life would be forever changed. He fell to his knees, as Isaiah had done long before, in the presence of Almighty God. Jesus raised him up and gave him a new career—no longer as a fisherman but as a fisher-of-men. He joined Jesus' mission to bring salvation to the world.
