## LOGOS BASIC LIBRARY

Instructions for installing **Logos Basic Library** (Free) for PC and Mac Logos Bible Software can be installed on PCs running **Microsoft Windows 8.1 and Windows 10 (v1706)**, or **MacOS 10.11.6** and above. The computer minimum system requirements are outlined at: <https://www.logos.com/system-requirements>.

### Before You Start:

We recommend you watch the **QuickStart video series** to get started for the first time. The first time you open your Logos library, look in the upper left of the browser window for the QuickStart button. These tutorials will help you feel confident in using the software. Advanced study and sermon preparation training can be found at: <http://logos.com/videos>

1. On your computer, open a web browser and visit <https://logos.com/redeem>.
2. If you already have an account, simply sign in and then move to step 3 below.  
If you are new to Logos, choose **Create an account**. (The account is free and does not require a credit card—only an email address.)
3. Enter the **Logos Basic Library Redemption CODE** provided on the inside front cover of this book when prompted. The Additional Resources will be unlocked to your account.
4. Follow the instructions on the next page to install Logos Bible Software. Your library will download automatically.
